

### 32" HD Commercial Display w/ BrightSign

Engaging audiences has never been easier - introducing the all new PF32H7B all-in-one digital signage solution with BrightSign built-in. This highly reliable display offers a cost-effective solution ideal for restaurants, retail, entertainment, public spaces, and more.

### BrightAuthor Software

BrightAuthor is a PC software application for BrightSign that makes creating, publishing and managing interactive BrightSign presentations simple and dependable.

### Industrial Ultra Slim Design

A sleek, stylish yet rugged design, with simple installation and maintenance, offers a perfect all-in-one solution for today's marketplace.

### IP Streaming

HD Video IP streaming is available on all BrightSign built-in displays. Buffer media streams for smooth playback. Play streaming media in HTML5 assets or in BrightAuthor's video, audio or MJPEG stream states.

### UDP Controls

Supported via the Ethernet port for video wall synchronization, mobile device interactivity, and messaging between BrightSign and third-party devices such as projectors, lighting, etc. and can be integrated with other show controllers.
