

43" All-In-One Commercial LCD LED Digital Sign Solution

Engaging audiences has never been easier - introducing the new M43SDPB all-in-one digital signage solution with BrightSign built-in. This highly reliable display offers a cost effective solution ideal for retail, entertainment, public spaces, restaurants, and more.

BrightAuthor Software

BrightAuthor is a PC software application for BrightSign that makes creating, publishing and managing interactive BrightSign presentations simple and dependable.

Industrial Ultra Slim Design

A sleek, stylish yet rugged design, with simple installation and maintenance, offers a perfect all-in-one solution for today's marketplace.

IP Streaming

HD Video IP streaming is available on all BrightSign built-in displays. Buffer media streams for smooth playback. Play streaming media in HTML5 assets or in BrightAuthor's video, audio or MJPEG stream states.

UDP Controls

Supported via the Ethernet port for video wall synchronization, mobile device interactivity, and messaging between BrightSign and third-party devices such as projectors, lighting, etc and can be integrated with other show controllers.
